# The Comprehensive Choice

## Quality Risk Claims (QRC) Consulting

### Partnering with Insurance Carriers and Health Care Providers

Pathway Health's effectiveness is built around the relationship between professional QAPI (Quality Assurance Performance Improvement) and the reduction of risk, negative outcomes, and claims. Beyond monitoring and reacting to risk, our experts take it further by assisting health care operators with the creation and implementation of real clinical systems. Long term sustainable quality improvement. Long term reduction in negative outcomes.
