Courses Tailored to Your Needs

Pathway Health offers customized education programs and materials in a format that works best for providers, groups and individual health care professionals. Our educational series are delivered via:

Live Virtual Training - Our team of experts are able to provide educational offerings in a live interactive virtual setting. Many classes and certification programs are available. View more at PathwayHealth.com/shop.

Customized Onsite Provider Training - Customized training, designed for your organization. We can assist skilled nursing, assisted living, home health and hospice providers to stay up-to-date on the most important topics in the health care continuum. Our training courses are specifically designed to expand your team's knowledge as health care professionals.

In-Person Leadership Presentations - Our health care professionals come onsite, to your retreat, conference, or meeting, to present the most up to date topics to your leadership team, customers, members or constituents.

Customized Webinars - Our experienced health care professionals can present customized webinars for your customers, team members, leadership and the industry, on a wide variety of topics.

Classroom Training - A wide-range of classroom opportunities are available. Each of our training sessions incorporate industry insight and overview, leadership and professional strategies, operations, reimbursement, regulatory and quality processes.

Individualized Training & Mentorship - Our team of health care professionals can provide individualized training for current staff, focusing on the learners immediate needs as well as provide ongoing mentorship to provide support for success of your management staff and front line staff. We can also provide an individualized training plan for those that need re-training to increase knowledge in areas of concern.

Pathway Learning Network - Self-paced programs are available to keep up-to-date with the latest clinical, regulatory, leadership and reimbursement information. Includes programs such as, Geri-Res LTC Nurse Residency Program, Frailty Certification, INTERACT Certification, Minnesota-specific Dementia Training, mandatory education and other programs for operational and clinical staff and leadership. *Any time, Any where, Any device.* View more at PathwayLearningNetwork.com.

Gain Leadership in Your Organization

Ensure your organization has the leadership it needs. Since 1997, Pathway Health has provided quality leadership solutions to skilled-nursing, assisted-living, home care and hospice providers across the nation.

"I really enjoyed this class—very informative, with many examples of real-life situations. The instructors were very experienced and professional."

– Restorative/Rehabilitation Certification Course Attendee
