Mandatory Annual Training Solution

Stay on the Right Path to Staff Competency

Due to increasing regulatory, clinical and operational requirements, training and resources are sometimes needed at a moment's notice. Maintaining compliance with the Requirements of Participation for Skilled Nursing Facilities, Centers for Medicare & Medicaid Services, and state mandatory training requirements can be daunting.

That's why **Pathway Learning Network**, powered by Pathway Health, developed a self-paced mandatory annual training solution that gives immediate access to assist leaders with the tools, resources and staff education to complete and support staff competency needs based upon their individual facility assessment and mandatory requirements.

Our regulatory and compliance training is current with federal and state mandates and includes topics such as:

- Abuse/Neglect
- Basic Nursing Skills
- Behavioral Health
- Change of Condition
- Communication
- Cultural Competency
- Dementia Care
- Food and Nutrition – Cultural Competency
- Infection Control – Infection Preventionist
- Medication Management
- Pain Management
- Person-Centered Care
- Resident Rights
- Restorative Nursing Basics
- Skin and Wound Care

Why choose the Pathway Mandatory Annual Training Solution?

With Pathway Learning Network, you and your team have immediate access to self-paced courses using a computer, tablet or smartphone. Our mandatory annual training solution is designed to meet your organization's needs. A few of the benefits include:

- À la carte options, so you only pay for what you need.
- Cost-effective solution.
- Best-in-class customer service response.
- Complimentary products, tools and policies related to specific mandatory training modules.
- Access to and discounted rates to other Pathway Health resources, manuals, toolkits and training (e.g., INTERACT™ Certified Champion Training, Geri-Res™ Nurse Residency, LEAD, Infection Preventionist Bootcamp)
