

# Interim EHR Lead Services

**PATHWAY  
HEALTH**  
Insight | Expertise | Knowledge

## The Right EHR Interim Solution to Meet Your Needs

What distinguishes Pathway Health from typical interim management firms is our close working relationship with employers to temporarily fill critical electronic health records (EHR) leadership positions. We utilize industry insight, expertise and knowledge to go beyond a simple skill match to find the right professional who will be compatible with the culture, value and mission of your organization.

Does your organization have an EHR Lead? Do you need someone to coordinate and manage your operations of electronic health records? Having a vacant EHR leadership position affects clinical quality outcomes and impacts the financial health of your organization. Turn to the experts at Pathway Health to fill the gap, as we assist you in finding a permanent EHR Lead.

### A Pathway Health Interim EHR Lead assists with:

**Custom Configuration:** Your Interim EHR Lead configures your EHR, in a best practice manner, by setting up alerts, triggering tasks to occur, and migrating all paper processes and tools from all departments into your EHR.

**New Staff EHR Orientation & Refresher Training:** Your Interim EHR Lead will train new staff and retrain existing staff, physicians and visiting nurses on how to use your EHR effectively.

**Dashboards & Advance Reporting:** Your Interim EHR Lead will show your management team how to use your EHR to monitor high-risk trends, resident change in condition and staff work progress.

**EHR Policy & HIPPA Compliance:** Your Interim EHR Lead will develop survey and HIPPA-compliant EHR policies and procedures.

**EHR Vendor Liaison:** Your Interim EHR Lead will act as a liaison with your EHR vendor to get any updates needed and solve issues with your system.

**Permanent EHR Lead Training:** Your Interim EHR Lead will train an existing facility staff member to be the permanent EHR Lead, who will be fluent in accomplishing ongoing tasks for a well-functioning EHR.

### An Insider's View, Based on Years of Experience

All Pathway Health Interim EHR Leads perform an Operational Opportunity Assessment of your organization within two weeks of starting their assignment. This value-added service gives a picture of your organization's strengths and opportunities from an unbiased source.
