# Regulatory Compliance

## Minimum Staffing Standards - Facility Assessment

### Resources to Navigate Regulatory Change

The challenges facing the Long Term Care leaders continue to escalate at a significant pace. The Centers for Medicare & Medicaid Services (CMS) requires Long Term Care Facilities to complete a Facility Assessment as indicated in F838 and the Minimum Staffing Standards Final Rule.

#### Facility Assessment Strategy & Implementation Support

Pathway Health's consulting services professionals offer comprehensive support in developing facility-specific work plans tailored to the unique needs and goals of your organization. Utilizing the Facility Assessment Toolkit, we provide practical, step-by-step guidance for organizations as they work with their teams to evaluate the facility's resident population, resource availability, and allocation in accordance with resident care and service needs to develop a person-centered staffing plan for your organization.

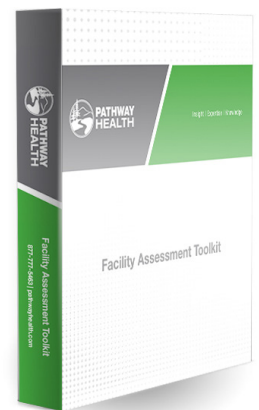

Our experienced professionals work closely with your leadership team to design and implement strategic initiatives that align with regulatory requirements and best practices. Our goal is to equip your leadership team with the tools and strategies necessary to achieve excellence in care delivery and operational efficiency. **Contact us to discuss your Facility Assessment strategy, implementation and ongoing support needs.**
